SUBJECT: PREPARATION OF BYLAWS
CONCERNING THE 1974 STREETLIGHTING PROGRAM

ORIGIN: Capital Budget

COMMENTS: On November 4th, 1974, Council approved the expenditure of \$331,500.00 out of 1974 Capital Funds for the purpose of the 1974 Streetlighting Program.

A memorandum dated October 16th, 1974 from Mr. M. A. Millard to the General Committee is attached, outlining the 1974 Streetlighting Program. Included in this memorandum are the individual projects and their costs -- only those projects under priority "A" a), b), c), d) and e) are to be included in the 1974 Program, at a total cost of \$331,500.00.

Will you please have the necessary bylaws drawn up, requesting that the City undertake to make application to the Region for consent to the issue of debentures, for a total cost as outlined for the 1974 Streetlighting Program. These bylaws should also request that the City make application to the Ontario Municipal Board for approval of capital expenditures to be made from our 1974 Capital Budget.

As we have only until January 31st, 1975 to get our application for OMB approval into the OMB, it is imperative that we make some arrangements to expedite the normal processes for bylaws and Regional approval; I hope this is possible.

Yours truly,

B. J. Austin,
Budgetary Financial Analyst.

Our Files: 03-00-43.1
P.N. 74-001

SUBJECT: 1974 Street Lighting Programme.

ORIGIN: Capital Budget.

COMMENTS: 1) The 1974 Capital Budget provides for an expenditure of \$250,000. for street light additions and improvements in the City of Mississauga.

2) Discussions have been held with representatives from Hydro Mississauga and other departments in the City and the proposed programme is as follows:

Priority 'A'

a) Erin Mills Parkway

- from 1,000 feet north of Burnhamthorpe to Eglinton Avenue	\$41,000
- from Eglinton Avenue to Britannia Road	74,000
- from Britannia Road to Millcreek Drive	38,000

This is a major arterial street and lighting is required on its entirety. There are only two lanes at present and hence lighting will only be on one side.

Cum. Total \$153,000

b) Industrial Subdivisions

- Fanto (Rexdale Industrial Park)	\$18,000
- Zetland - Phase I	25,000
- JDS Investments	7,000
- Fidani	4,500
- Netherhart	11,000
- Aerowood II	5,500
- Kamato	20,000
- Bob Clare	14,000

Cum. Total \$258,000

Re: 1974 Street Lighting Programme

COMMENTS: - cont'd.

c) Ring Road System			
- Kirwin			<u>\$15,000</u>
Contractor is holding up the placing of sidewalks pending the Hydro underground work.			
	Cum. Total		\$273,000
d) City Roads			
- King from Camilla to Hwy. 10			\$12,000
- Havenwood (North of Gullenden)			<u>9,000</u>
	Cum. Total		\$294,000
e) MTC Co-ordination			
- Goreway Drive			\$8,500
South of Fanto to CNR			5,000
CNR to Disco Road			
Northwest Drive to Disco			3,000
- Second Line East			
from Britannia Road to 400 feet south of Hwy. 401			<u>21,000</u>

These are projects where MTC has agreed to put the lighting in the underpasses providing we put in the basic approach lighting, otherwise the City will be responsible.

BASIC PROGRAMME TOTAL \$331,500

All of the above, in the opinion of this Department should be undertaken if at all possible. Should some items have to be deleted, it is recommended that the deletions be from the Industrial Subdivision group.

Other Priority 'A' Projects

a) Burnhamthorpe Road West

- Hwy. 10 intersection improvement and from Hwy. 10 to Erindale Station Road	\$110,000
--	-----------

An attempt will be made to incorporate this work in the existing reconstruction funds if available which will only be ascertained when the accounting breakdown is received.

COMMENTS: - cont'd.

b) South Sheridan Way		
from Indian Grove to Southdown Road		\$20,000
As part of the Hydro system improvement, the circuits were rebuilt in this section and the street lighting attachments have to be transferred to the new poles.		
c) Roche Court Development		\$ 7,000
d) Various signalized intersections (11)		\$20,000
Additional pole height was provided so that improved illumination could be provided in conjunction with the traffic control installations. Eleven of these locations now exist.		
e) Hwy. 10		
from end of existing lights north to Hwy. 401. This is a heavily travelled road and requires double-sided underground high intensity illumination.		<u>\$70,000</u>
OTHER PRIORITY 'A' TOTAL		<u>\$227,000</u>

Priority 'B' Projects

a) Queensway West (Dixie to Cawthra)	\$90,000
b) Clarkson Road (Lakeshore to QEW)	10,000
c) Burnhamthorpe East (HEPC right-of-way to Etobicoke)	47,000
d) Dixie Road (Hwy. 401 to Derry)	56,000

Re: 1974 Street Lighting Programme

RECOMMENDATIONS:

- 1) Council authorize an expenditure for the year 1974 in the amount of \$331,500 and this matter be expedited so that the required approvals can be secured and directives issued to Hydro Mississauga.
- 2) That a policy be adopted by the City that additional funds be appropriated in future years so that the backlog in areas can be brought up to reasonable standards.

ORIGIN: Request from General Committee Meeting
January 22nd, 1975.

COMMENTS: General Committee has thus far approved Capital Projects to be included as part of the 1974 Capital Program, totalling 6.4 million dollars. These projects are to be funded by means of issuing debentures. The difference between the overall approval of 9 million dollars previously agreed to by Council and the 6.4 million dollars so far approved as noted herein, represents capital projects of Hydro Mississauga which, as you know, are recoverable from that Commission.

To retire the 6.4 million dollar debenture debt incurred, based on debenture interest rate of 10% will cost the City \$817,607.00 annually. This represents an increase of 0.31 mills, or 4.7% to the general mill rate.

The additional costs attributable to this debt to the owner of a residence assessed at \$30,000.00 will be \$9.30 annually, or an increase of 4.7%.

You can appreciate that the above amounts are estimated and thus could vary depending on assessment growth and other debt retirement.

RECOMMENDATION: That the above information be received.

Yours truly,

W. H. Munden, R.I.A.,
City Treasurer.

I am deeply concerned with the Problem of Parkingmeter violations in Port Credit. Store and Apartment Tennants as well as employee's alike are parked in front of the Stores all day, without any regard to the potential Customer.

My Rental Business is especially hard hit, as customers must have access for loading and unloading of Equipment, If they canot even park for a few minutes between Mohawk and Brant Streets, it will only be a matter of Time before some of us are wiped out.

I strongly urge Council to enforce Parkingmeters for the time being, until a more suitable solution can be found. I suggest the person which collects the Metermoney can be given Authority to issue Tags for illegally parked Cars.

I have spoken to several Businesspeople and they are in full agreement.

The Mayor and Members of Council,
City of Mississauga,
1 City Centre Drive,
Mississauga, Ontario.

Dear Mayor and Members of Council,

On behalf of over one hundred industries and businesses located in the Airport Industrial Park and surrounding communities, we wish to thank the City of Mississauga and its Council for supporting our position in regard to highway access in this area.

The final plan negotiated with the Province not only prevents such further congestion but will alleviate many of the traffic problems currently existing in the airport vicinity.

Without support of the Mississauga Council, our position in negotiating with the Ministry of Transportation and Communications would have been severely weakened. Improper access would have resulted in an intolerable traffic situation being created on both local and regional roads ultimately requiring a considerable expenditure of municipal funds to relieve the congestion, as well as extreme financial losses to many business concerns.

The Council should also be commended for retaining Mr. Mike Weir as the City's legal representative in this matter as his contribution proved to be invaluable to the success of O.M.B. hearings.

We would be remiss, however, if we did not mention and thank our Local Councillor, Mr. Frank McKechnie for his many hours of work in attending and arranging the numerous meetings required to keep Council informed and prepare for the O.M.B. hearings. Mr. McKechnie not only gave complete support to his industrial constituents but insured that the residential areas affected by the 427 highway extension will have an opportunity for further negotiations with the M.T.C.

The Council through its support of existing business provides yet another reason for industry to confidently locate in Mississauga.

RE: Lakeshore Community Study

In November of 1973, the Council of the Town of Mississauga approved a secondary land use plan for the Lakeshore Community - the area of Ward 2 south of the C.N.R. tracks and between Winston Churchill Boulevard and the westerly limits of the former Town of Port Credit. This land use plan was incorporated into the Official Plan by Amendment 248 which has been the subject of a great deal of debate and discussion, generally opposed by the major landowners in the Lakeshore Community, and supported with reservations by the Council of South Mississauga Community Associations (CSMCA), the body representing the various ratepayers' associations concerned with the Lakeshore Community.

In the interests of achieving a negotiated settlement, and avoiding a lengthy and costly hearing at the Ontario Municipal Board, the City Planning Staff initiated a series of discussions. Included in these discussions were representatives of the major landowners, the CSMCA and City Planning Staff. This process has culminated in the preparation of a number of proposed modifications to Amendment 248 which have been provisionally approved by the landowners, the CSMCA and City Planning Staff.

These revisions and a presentation of the history and rationale behind these revisions, will be before Council for consideration, at its regular meeting of January 27, 1975. Interested parties are invited to attend this meeting and make their views known. The meeting will be held at 7:30 p.m. in the Council Chambers, City Hall, 1 City Centre Drive.

EXPLANATORY NOTE

PURPOSE

The purpose of this Amendment is to incorporate into the Official Plan of the City of Mississauga, the Lakeshore Community Secondary Plan, which describes City policies with respect to future land use, neighbourhood structure, population densities, roads, development controls, and other aspects of community development.

LOCATION

The area affected by this Amendment is bounded by the Canadian National Railway on the north, the west boundary of the former Town of Port Credit on the east, Lake Ontario on the south, and the east boundary of Oakville on the west. It consists of approximately 3,050 acres.

Dear Mayor Dobkin,

I served on the Recreation Committee last year and enjoyed it very much.

Recreation has been my main community interest for some years now as I have always felt that a better life is possible through recreation in these days of hectic pressurized life styles.

I was very sad to see that no one from last year's committee was appointed to the New Recreation Services. It seems such a waste of effort, all the information, maps etc. were done for nothing and all the knowledge gained was wasted.

My main concern at the moment, is to have direction from you and Council, as to what course I should take regarding the contacts I made at the Denver Conference. Shall I continue to gather information for the Recreation Dept.? And shall I accept the offer to be N.P.R.A.'s "Future Prospectives" group's Canadian Contact and Mississauga's representative on their panel in Dallas this year?

Dear Sirs:

Re- Dundas Construction Company Limited
application for re-zoning.
Your file No. 0Z-56-72

Thank you for your letter of January 6, 1975.

It may be the general policy of the City of Mississauga to retain \$50.00 but we think that in the circumstances since the City of Mississauga did absolutely nothing for over two years on the application submitted by us that the retention of the \$50.00 in this situation is unreasonable.

For your information the application for re-zoning was filed with the City of Mississauga on July 20th, 1972 and other than a letter on August 3, 1972 acknowledging receipt of the application from Mr. Petchar and a letter on November 28, 1972 saying that they were going to do a study on the lands within the area, we have heard absolutely nothing from the Planning Department.

Quite frankly my client and myself are disgusted with the matter as we feel an application when it is presented should be dealt with and not filed and ignored as it was done in the present situation. Therefore we wish this matter to be taken up with the Planning Department and the Mayor as we feel that the City of Mississauga under these circumstances is not entitled to retain the \$50.00.

For information during 1974 some 18,000 hours of public duty were donated within the City by the Brigade members of our two adult and one cadet divisions at various community events. In addition over 5,000 people, including school children, Scouts and Guides, industrial workers and members of the public were trained in safety oriented First Aid and related subjects making our City a more safety-conscious community, reducing accidents and the effects of injuries.

Dear Sir,

The Parent Co-operative Preschool Council (PCPC) is holding a day-long conference on March 15, at York University.

The PCPC is a non-profit organization of co-operative nursery schools in the metropolitan Toronto area and employs no salaried personnel. One of its aims is improving understanding of parent-child relationships through parent education. The annual spring conference is the PCPC's major program for adult education. An anticipated 500 persons will attend the workshops.

Cost of holding the conference, in the past, has been met through seminar fees, a grant from the Metropolitan Executive Committee and contributions from industry. Seminar fees, this year, have been kept to a minimum to make attendance at the conference within the financial reach of more parents. Conference expenses, however, are expected to far exceed those incurred last year. The expenditures included:

Food.....	\$731.90
Speakers.....	240.45
Rental.....	147.00
Stationery & Supplies..	99.14
Books.....	77.18
Waitresses.....	46.00
General & Office.....	30.00
Postage.....	55.00
	\$1,408.75

The PCPC, therefore, is approaching Mississauga council with a request for a \$500 grant to help defray cost of the conference. Portions of the grant also will be used as a subsidy to persons from the Mississauga area to ease traveling and other seminar-related expenses.

To assist council in deliberating this request, I am enclosing a brochure outlining PCPC objectives and a program from the 1974 conference. I would be most pleased to supply any additional information required.

To Mayor Dolan, Councilor,

Dear Sir

I wish to complain strongly about dog owners who walk their dogs, or those who allow their dogs to roam freely to pollute the street sidewalks, and lawns in the Forest Glen area. There is a street called Nileswood Court which is badly littered with dog droppings, the anyone who walks along the street has to be careful not to step on it. On the right side of the street there is a big pile of droppings which must have been collected on the dog owners garden and deliberately left on the lawns. I phoned the services department to complain about the particular pile of dog litter a week ago, and it is still sitting there, it seems to me that no one in the services department is taking any action to get this mess cleared up. I feel it is now time that members of the Mississauga council come up with a by-law to control this problem with people who own dogs.

Yours sincerely
J. Pater

Gentlemen:

I would like to express to you my great appreciation for subsidizing the \$250 towards my trip to Arizona. The trip was educational and a beneficial experience for me. Not only did I have the opportunity to work with the older and more experienced athletes, but I also received the expert advice and training from the National Coaches. As a result of this, I gained greater confidence in myself which I will need in my future training and competitions.

I sincerely feel that this trip was worth while and hope that I will be able to continue my contribution to track and field throughout Canada as a Mississauga representative.

Once again I thank you.

Yours very truly,

Anne Bryan

Dear Mr. Mayor:

On behalf of the Canada Safety Council I am privileged to inform you that your city is among the forty-five Canadian communities with populations of 40,000 or more that completed Safe Driving Week 1974 without a fatal traffic accident. A Council Certificate of Commendation signed by His Excellency the Governor General of Canada will be presented to you in the near future by your provincial safety council.

From December 1 to 7, 1974, there were 64 people killed on Canada's roads and streets. All of us would prefer to have none at all. While this loss was regrettable, the total was well below the national weekly average of 129.

Please accept our sincere thanks for your co-operation with this campaign and for the efforts of your law enforcement officers in bringing it to the attention of the driving public.

Yours very truly,

*Based on Canadian Press figures.

The traffic toll of 64 victims during Safe Driving Week 1974 is lower than the number for 1973 which was 76.

Prince Edward Island again was the only province to remain free of traffic fatalities throughout the entire week.

It is encouraging to note that the largest reduction in fatalities was in Ontario where there was a drop from 36 in 1973 to 15 in 1974.

The lowest number of traffic deaths ever recorded during Safe Driving Week was 49, in 1968.

RE: Elections

The Council of the Town of Markham has passed the following resolution:

"WHEREAS, civic electors are often faced with inclement weather when voting on the first Monday in December every two years, and

WHEREAS, an earlier date for civic elections would reduce the effectiveness of municipal councils if the fiscal year were to remain at December 31st,

THEREFORE BE IT RESOLVED, that the Council of the Town of Markham hereby respectfully requests the Government of Ontario to amend the Election Act, and set the first Monday in October for civic elections in Ontario, and

BE IT RESOLVED THAT the Town of Markham request the Government of Ontario to change the fiscal year end for municipalities to October 31st, and

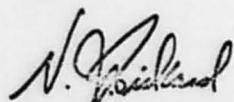

BE IT FURTHER RESOLVED THAT the Town of Markham send this resolution to all cities, towns and regions in the Province of Ontario, requesting their endorsement of this resolution, and asking each municipality to inform the Premier of Ontario of their endorsement, as well as their Member of Provincial Legislature."

RESOLUTION

WHEREAS respect for law and order are an important part of maintaining progressive community life, and whereas practices in the Provincial Courts, Criminal Division with respect to the imposing of fines, charging of second offences, providing time for payment of fines and suspending fines have tended to down-grade in the minds of the public the importance and relevance of the system of fines as a meaningful way for society to curb and restrain unlawful conduct.

THEREFORE, be it resolved:

1. That the Attorney General undertake a review of the Judges of the Provincial Court, Criminal Division of procedures, policies, and attitudes with respect to the imposition of fines.
2. That persons convicted of or pleading guilty to criminal and quasi-criminal offences be given time to pay fines in very restricted circumstances where there is a clear inability to pay such fines at the time the same are imposed.
3. That a review of fines generally imposed by the Judges of the Provincial Court, Criminal Division with respect to offences most often incurred be reviewed with a view to matching fines to such offences, having regard to society's desire to curb unlawful activity and build respect for law and order in our society.
4. That police and crown officials be encouraged to investigate previous offences and where available charge as second or third offences as the case may be, those crimes committed by accused persons to curb repeated unlawful activities.
5. Be it further resolved that a copy of this resolution be forwarded to the Premier of Ontario, the Attorney General of Ontario, Mr. Lorne Henderson M.P.P., and to all other Municipalities in Ontario for their consideration and endorsement. - Carried.

I, Lloyd Barnes, Clerk of the Village of Watford, hereby certify that the foregoing is a true copy of a resolution passed by the Council of the Village of Watford, at a meeting held on Thursday, December 19, 1974.

It is through you and on behalf of Ward Seven Parliament that I like to commend Mayor Dobkin and Council for the re-established Citizen-Participation in the proposed Policy Advisory Committees. It has been gratifying to acknowledge how, some Council members at least, have often voiced support for more citizen's involvement and participation in city's affairs, almost in defiance of recommendations by consultants and the related negative dictates of Bill 138.

I wish to point out however that, in view of the grown complexities in our city and regional administrations, and the effects on us all as citizens and taxpayers, the inclusion of twelve citizen members in the planned advisory committees, is only a token example of current citizen input and participation. Indeed it seems doubtful that even the contemplated assistance from a pool of retired executives, (although a laudable plan) would shake present public apathy, or match the effective total participation of combined involvement of citizens and elected in Streetsville, Port Credit and Mississauga prior to 1974.

The existence now of regional government and the relative lack of public involvement therein, accentuates my expressed point even more. The expanded dual role of our city Council with assumed very complex responsibilities and a developing keen sense for constructive sound policies, only makes it more imperative, it seems to me, to encourage and yes promote, more and more direct public involvement.

The current Official Plan Review is but one important aspect requiring co-operation of Council, staff, and public.

It is my acquired belief that if more citizens and community associations were involved in municipal issues, many misunderstandings, unjustified criticisms and damaging suspicions can be avoided and a greater degree of confidence and appreciation for both Council and staff would be attained. Such co-operative atmosphere, I feel, could have had remedial effects even in sad events like the "Staff Resignations" issue. On that unfortunate issue instead, it was only one homeowners association as such, and proudly a member of our Ward Seven Parliament, that expressed its serious concern on the happenings at city Hall.

23a

Whatever the real causes (those publicized and the others) it is at least generally agreed that those chief "Resignations" did result in some costly inefficiencies. The lesson is that we all played a role and must therefore share the consequences. The frankness and/or dedication of some resigned staff members can be questioned. Our Council had a lot to do with it. The press did not help. And we the residents have too many expectations, nourished by passive involvement, by too much silence and by pronounced absenteeism at election time.

It is time for us the public to recognize both our rights and duties to participate, and I hope that mayor Dobkin and Council will not only allow, but encourage citizens to become better acquainted and more involved in the administration in Mississauga and Peel.

I am confident that residents in Ward Seven Parliament will respond. Some will hopefully reply to current ads re proposed committees. Others I am sure will serve, if needed and approached, in any capacity.

Grateful for my own enjoyed association with staff and Council members on the Planning and Development Committee, I like to wish to the entire administration continued success from here on, for the sake and low tax future of Mississauga.

Sincerely yours,

L. P. (Vic) Mattiussi (Chairman)
